(1) Pets are human's best friends. People <u>coming from</u> all over the world love to keep different kinds of pets.

Pets' love for us is unconditional. We can <u>talk to</u> them and they always <u>listen to</u> us. They are <u>good at</u> making us happy. Even if we do something silly, they never <u>laugh at</u> us. They only want to play with us. They never fight with us or <u>play</u> tricks <u>on</u> us. They always want us to <u>pick</u> them <u>up</u> at the door when we get home.

Are you <u>interested in</u> keeping a pet? Are you <u>looking for</u> a perfect one? Be sure you will love it and <u>look after</u> it for its whole life! It is an important lifetime promise. Because the experience is unlike <u>trying on</u> clothes in a boutique and then deciding whether you want to buy the clothes or not. We must never abandon them, <u>shout at</u> them or be bad to them.
